

ANURAG KD

Frontend Developer | React.js Developer

anurag95678@gmail.com | 9567851175 | [LinkedIn](#) | [GitHub](#) | Kerala, India

Summary

Frontend Developer with 1+ year of professional experience building scalable web applications using React.js and Next.js. Skilled in SSR, SSG, REST API integration, performance optimization, and responsive UI development. Experienced in converting Figma designs into production-ready interfaces and improving application performance through modern frontend architecture. Passionate about building fast, user-centric, and maintainable web applications.

Professional Skills

Frontend: React.js, Next.js, JavaScript (ES6+), HTML5, CSS3, SCSS, Tailwind CSS, Bootstrap, Responsive UI Design, Dynamic Routing, GSAP, Framer Motion

Backend & APIs: Node.js, MongoDB, REST APIs, GraphQL

Tools & Workflow: Git, GitHub, Debugging, Figma, Chrome DevTools

Work Experience

Techrish Solutions

Solution Developer

August 2024 – Current

Kochi, Kerala

- Developed and deployed scalable React.js and Next.js applications used by production clients
- Implemented SSR and SSG to improve page load speed and search engine visibility
- Built reusable component architecture reducing future development time
- Integrated REST APIs and GraphQL endpoints for dynamic data-driven features
- Improved page performance and Lighthouse scores through lazy loading, image optimization, and code splitting
- Converted Figma UI/UX designs into responsive and pixel-perfect interfaces
- Collaborated with cross-functional teams to deliver e-commerce platforms, dashboards, and CMS-based websites
- Managed both WordPress and React/Next.js projects across multiple client requirements

Projects

Portfolio Website

Tech Stack: React.js, Tailwind CSS

- Built a personal portfolio to showcase projects and technical skills
- Created responsive design with animations and modern UX elements, achieving high Lighthouse scores.

Admin Dashboard

Tech Stack: Next.js, Tailwind CSS, Recharts

- Developed a responsive admin dashboard with Next.js for optimized performance
- Implemented real-time data visualization for business metrics monitoring

E-commerce Website

Tech Stack: React.js, Tailwind CSS, Node.js

- Built product listing, shopping cart, and checkout user interface
- Implemented dynamic routing, search, and filtering features for a seamless user shopping experience.

Service Booking & Portfolio Web App

Tech Stack: Next.js, React.js, MongoDB, Node.js

- Designed and developed an interactive service showcase platform with booking and design selection functionality.

Education

University College of Engineering
BTech – Computer Science and Engineering

August 2020 – May 2024
Idukki, Kerala

Certifications

- **Internship on React** - *Verdant IT Solutions*
- **Full Stack Web Development** - *Acmegrade*
- **Work Readiness Program** - *ASAP Kerala in association with KKEM*
- **Swayam – Joy of Computing Using Python** - *NPTEL*
